

**Position: Student Support Personal Learning Assistant (PLA)**

Responsible for supporting individual students with the successful integration into a general education environment. The PLA should be an experienced educator familiar with working collaboratively in a classroom to support the behavioral and academic needs of individual students.

**Time commitment:** Flexible schedule that may include a part-time or up to a full-time commitment

**Qualifications**

- Licensed or otherwise qualified educator
- Training and experience working with students with both behavioral and learning needs
- Able to work within a group setting coordinating with the classroom teacher
- Able to communicate clearly and frequently external providers
- Written and oral English fluency

**Primary Responsibilities**

- Accompany the student during recess and other social settings to reinforce appropriate interactions with other children
- Work with the student's attentiveness to direct instruction
- Facilitate student interaction with other students during assigned group work
- Work with the student on calming down techniques when presented with changes to schedule or changes to classroom
- Help student with social skill building—making eye contact, appropriate responses to conversation, acknowledging others, etc
- Help student develop and follow through with strategies for focusing and for finishing classwork
- Participate in case management meetings
- Maintain continuity in the provision of services for students who require 1:1 support

If you are interested in applying for this role, please submit your CV and references to María de los Ángeles Morgan at [mmorgan@nido.cl](mailto:mmorgan@nido.cl) before August 26.
