

We are looking to hire someone for the position of MS Technology Integrationist for the next school year (2020-2021), according to the following skills and qualifications:

### Position Details

Position Name: MS Technology Integrationist  
Position dependence: Middle School Principal  
Time commitment: Full-time

### Purpose:

The Middle School (MS) Technology Integrationist meets regularly with teachers regarding their technology integration needs and collaborates with the IT team regarding the MS technology curriculum. The Integrationist explores new hardware, software and web applications that may be used to enhance or transform student learning. The Integrationist is responsible for the MS MakerLab, running inventory, submitting budgets, and scheduling student use and regular maintenance. The Integrationist assists MS students and staff with any and all technology problems that may arise. The integrationist will show a strong passion for technology and innovation and work hard to promote its use by students and teachers.

### Qualifications and Experience

- Technology teaching experience; working with the ISTE standards is preferred;
- Demonstrated interest and/or some teaching experience in health education, mindfulness, and/or study skills;
- Training in Project-Based Learning (PBL) and/or Design Thinking Frameworks;
- Solid conceptual and applied knowledge of current research and trends in curriculum, instruction, and assessment;
- Demonstrated experience collaborating with colleagues;
- A minimum of 2 years of teaching experience;
- English (native or near-native proficiency).

### Skills, Attitudes, and Dispositions

- Genuine enjoyment of working with middle school aged students;
- Ability to contribute to the overall sense of the school community through positivity, optimism, engagement, and professionalism;
- Excellent communication skills;
- Commitment to engaging in collaborative processes;
- Ability to reflect and demonstrate a growth mindset;
- Willingness to explore, embrace, and value Chilean culture;
- Understanding and appreciation of multicultural contexts.

### Primary Responsibilities

- Meets regularly with faculty (as individuals, teams, and departments) to promote and facilitate the integration of technology in their classes
- Identifies and implements software for course-specific projects, supporting teachers and

students as needed

- Oversees layout and design of the MakerLab
- Oversees inventory, organizations and maintenance of MakerLab equipment and computers
- Coordinates budget and purchasing of hardware and software for the MakerLab (in collaboration with IT department)
- Contributes to discussions about the role of technology in the Middle School
- Contributes to the development and implementation of ISTE standards
- Facilitates MAP testing and assists with parent-teacher conference sign-up
- Teaches technology elective classes as time allows
- Promotes technological advancement and innovation to the students
- Actively finds creative ways to showcase both technology and innovation in the school
- Teaches technology or innovation course after school as time allows

Interested candidates should address their letter of interest along with their CV and reference list in English to Tony Shawe, **Middle School Principal** ([tshawe@nido.cl](mailto:tshawe@nido.cl)).
